**When an  
Inexperienced Candidate  
Promises “Change” ...**

**Hoosiers Know ...**

# **Change Isn't Always for the Better.**

We've been down this road before ...

When another inexperienced candidate promised "change."

**What kind of "change"  
will Hoosiers get with Richard Mourdock?**

## **An Irresponsible and Reckless Budget That's Dangerous to Hoosiers**

The federal budget proposal Mourdock believed was sound fiscal policy includes cuts to Social Security that would amount to nearly \$2,500 per recipient NEXT YEAR and block any future cost of living increases.<sup>1</sup>

## **Another Politician Controlled by DC Special Interests**

Mourdock's campaign was bought and paid for by DC special interests who spent more money to support Mourdock in one day than Mourdock had raised in Indiana over the past year.<sup>2</sup>

## **A Politician Who Can't Be Trusted to Fight for Us in Washington**

Mourdock has been absent 66% of the time from the committee and board meetings he is paid with our tax dollars to attend.<sup>3</sup>

**Choose Wisely.**

*Our future can change in a flash.*

**Vote "NO" on Richard Mourdock.**
